

EMBARRASSED? ANGRY? FRUSTRATED?

HOW DO YOU FEEL
ABOUT YOUR PROVINCE
SPENDING **THE LEAST**
ON PUBLIC EDUCATION
PER STUDENT IN
ALL OF CANADA?

As proud citizens of this province, we cannot stand by while Alberta's governmental policies continue to neglect education. Schools are in urgent need of your help. Now is the time to take action.

Alberta continues to spend the least on public education per student compared to any other province in Canada. This neglect has left our schools and students in dire need of support, creating a crisis in Alberta's public education system. The latest report from the Fraser Institute in late 2023 starkly highlights that Alberta's education spending is the lowest in the nation..

Insufficient funding for public education leads to unmet student needs, overcrowded classrooms, the elimination of diverse programs, and decreased support for students with complex issues. These compounded problems have driven many dedicated teachers to leave their profession in despair.

It's time to address these injustices and right the wrongs. We must advocate for increased funding and resources to support our students and educators.
