The Alberta Teachers' Association

LEADERSHIP MENTORSHIP GRANT-IN-AID

CHART THE COURSE FOR LEADERSHIP!

The Alberta Teachers' Association (ATA) invites ATA locals and school divisions to take part in the Leadership Mentorship Initiative.

LEADERSHIP GROWS WHEN WE GROW TOGETHER

Strong school leadership is developed through mentorship, professional trust, intentional learning, and meaningful local and division partnerships.

As school communities navigate increasing complexity, this initiative offers a practical way to invest in the leaders who will guide, sustain and strengthen Alberta's schools in the years ahead.

CONNECT

Bring current and aspiring school leaders together through purposeful mentorship.

COLLABORATE

Design a program with your ATA local and your school division that fits your context.

GROW

Create meaningful professional learning and leadership pathways.

WHY THIS MATTERS NOW

Emerging school leaders need access to mentorship that is relational, practical and professionally grounded. Current and aspiring leaders are asking complex questions about instructional leadership, school culture, legal and professional responsibilities, communication, staff development, artificial intelligence, reconciliation, conflict management, community trust, and more.

The Leadership Mentorship Initiative gives locals and school divisions a supported pathway to respond to those needs. It creates space for mentors and mentees to learn together, build confidence, strengthen leadership competencies and develop professional relationships that sustain effective school leadership over time.

GRANT DETAILS

- Matching grant
- Up to $2,000 annually
- Up to three consecutive years

YOUR NEXT STEP

Connect with your local president and your school division. Together, establish a Leadership Mentorship Steering Committee, identify a local lead and submit the grant application.

ATA PARTNERSHIP AND SUPPORT

- An ATA executive staff officer will participate on your steering committee.
- The ATA will cover eligible session presenter costs, travel and subsistence.

PD-344-4 2026 10

GRANT APPLICATION DEADLINE

JUNE 30, 2027
